

RUSSIA MAKES  
SIX DEMANDSInsists on Compliance in Note  
to China.

## RELATIONS BADLY STRAINED

Czar's Government Takes Decisive Action Bearing on the Treaty of 1881, Which China Seems Disposed to Abrogate—Cessation of Friendly Relations and Possibly Military Demonstration May Result Unless China Yields.

St. Petersburg, Feb. 17.—The strained relations between Russia and China have finally resulted in decisive action by the Russian government. According to instructions M. Korotovitz, the Russian minister to China, has presented to that government a note bearing on the treaty of 1881, which China has seemed disposed to abrogate. The note contains six points and Russia insists upon compliance on pain of complete cessation of friendly relations. These are as follows:

First—Russia's right to impose import and export duties unlimited, except in the fifty-verst zone, which is duty free.

Second—That the extra territorial rights of Russians in China shall not be infringed; that legal suits involving Russian and Chinese shall be considered by a mixed jurisdiction.

Third—That Russians shall enjoy special privileges of trade and duty free commerce in Mongolia and the extra wall provinces.

Fourth—That Russian consulates can be immediately opened at Kobdo, Khami and Kuchin.

Fifth—Due respect of the local authorities for Russian consuls.

Sixth—Russians are to enjoy the right to acquire real estate and erect structures in Mongolia and the extra wall provinces.

## MAY TENDER GOOD OFFICES

Washington Not Expecting War Between Russia and China.

Washington, Feb. 17.—Notice of Russia's intentions regarding China reached the state department through the American embassy at St. Petersburg. The Russian government promises to acquit the American embassy with particulars of the indictment against China.

It appears the Russian government, wearied of what it regards as persistent disregard by China of her treaty obligations toward Russia, is about to bring pressure to bear to enforce her rights, even to the extent of a military demonstration in the province of Ill, the seat of the present trouble.

The whole incident comes as a great surprise to the diplomatic service in Washington, for, although it was known sharp issues had arisen between Russia and China over conflicting claims of jurisdiction in Manchuria and in connection with commercial privileges in Mongolia, the situation was not regarded as critical and generally was believed, in view of the deplorable conditions existing in China as a result of the famine and the ravages of the plague, Russia would defer pressing her claims at this time.

## War Is Not Expected.

That war will not result from the latest move of the Russian government is the confident belief in diplomatic circles here, for it is generally understood the Chinese are totally unprepared to meet such a foe as Russia at this juncture. So it is expected China will appeal to the powers, including America, for fair play. What amount of support she will receive cannot safely be foretold. It is pointed out here our own government cannot act until it has examined the contentions on both sides.

Should it be found there is ground for such action it is entirely possible that the state department may use its good offices to avert war or the working of injustice upon China by suggesting a reference of the issues to The Hague tribunal. Indeed it may be that as one of the parties to The Hague convention America will feel bound to proffer her good offices and may seek to render these more effective by seeking support for her action of other great signatory powers.

At first glance it does not appear "the open door" doctrine is involved in this affair, for presumably Russia would not attempt to curtail any right of trade in the affected provinces of Mongolia or Turkestan now enjoyed by citizens of foreign countries.

## Fearing of Murder Charge.

La Crosse, Wis., Feb. 17.—Steve Stolanoff, held for a month by the police on the charge of the attempted murder of Mrs. Ada Holmes, was brought into court and declared by Mrs. Holmes, who was brought in from the hospital, not to be the man who shot her. He will be released.

## Income Tax Is Rejected.

Charleston, W. Va., Feb. 17.—The West Virginia senate by a vote of 17 to 13, rejected the income tax amendment to the federal Constitution. The amendment was ratified by the house of delegates recently, only two negative votes being cast in that branch.

HUNDRED MEN  
CAPTURE TRAINWorkers of the World Board  
Cars at Portland, Ore.

## POLICE COULD DO NOTHING

Travelers Break Open Freight Car Doors and Climb in—Are Bound for Fresno, Cal., Where They Will Attempt to Enforce Their Alleged Right to Speak on the Street—California Militia May Be Called Out.

Portland, Ore., Feb. 17.—One hundred or more members of the Industrial Workers of the World, who arrived here from Seattle, Tacoma and other northern points, captured a Southern Pacific freight train as it was leaving the terminal yards for California points.

They broke the doors of three freight cars, climbed into the cars and soon were on their way. The police could do nothing and the Southern Pacific officials said they would take no action until the train had crossed into California, when they would ask the governor of California to call out the militia.

Reports were received from Spokane and other northern cities to the effect that at least five hundred more Industrial Workers of the World members would reach Portland within the next few days. Their objective point is Fresno, Cal., where it is said they will attempt to enforce their alleged right to speak on the streets.

## HUSBAND HELD FOR CRIME

Verdict of Coroner's Jury in Minnesota Murder Case.

Crookston, Minn., Feb. 17.—Based on the story of Mrs. Sivert Simpson a verdict was returned by the coroner's jury to the effect that Theodore A. Nelson came to his death from a bullet wound from a revolver in the bedroom of Mrs. Simpson, at her home at 1 o'clock Wednesday morning.

Simpson was brought before Judge Gossman of the municipal court, but the hearing was adjourned to allow him time to secure an attorney. Mrs. Simpson testified that the only words which passed between the two men which she heard was when the husband said, "What are you doing here? I should kill you;" to which Nelson replied, "Don't shoot me, you have no reason for it," whereat her husband fired the fatal shot.

## BALANCE OF TRADE GROWS

Seven Months of Fiscal Year show Increase of \$174,500,000.

Washington, Feb. 17.—A balance of trade of more than \$363,000,000 in favor of the United States against its foreign creditors, an increase of more than \$174,500,000 in the foreign trade of the country and the establishment of a new high figure for exports is the record of the United States trade with foreign nations for the first seven months of the fiscal year ending Jan. 31. This is shown by an official statement issued by the bureau of statistics of the department of commerce and labor. This excellent showing is considered to be due largely to the higher price of cotton. The increase in exports amounted to more than \$172,000,000 and in imports to over \$2,500,000.

## ATTEMPT AT MURDER FAILS

Minnesotan Wounds Wife and Then Commits Suicide.

Cambridge, Minn., Feb. 17.—Christian Gillert, aged sixty-three, of Oxford, Isanti county, shot and wounded his wife, Christine, in the ear and right hand and later shot himself in the right breast, dying instantly.

Gillert approached his wife with the remark, "Now you must die," and seized her by the neck, at the same time shooting off a portion of her right ear. She grabbed him by the arm and he shot again, the bullet hitting her in the hand. Both wounds are slight. She broke away and ran to the Weber store, a mile and a half away, and the sheriff was summoned.

## Minnesota Editors Meet.

St. Paul, Feb. 17.—Devoting the day to business and the evening to recreation the Minnesota Editorial association, gathering at the city hall for their forty-fifth annual meeting, spent sixteen solid hours in promoting the affairs of their organization and in enjoying the hospitality of St. Paul.

## A Blue Boned Skeleton.

"Now that the genuine high society folks have opened their doors to us," said Mr. Windfall smilingly, "I suppose we ought to have a family skeleton, eh, Amelia?"

"Of course, and I had forgotten about it entirely," gurgled Mrs. Windfall. "Get the best market affords, my dear—one whose family tree can be traced back at least 500 years."—Exchange.

## SENATOR BORAH.

Declares North as Bitter as  
South in Its Race Hatred.

## NORTH PLAYING HYPOCRITE

Borah Says Race Prejudice Is Bitter as in South.

Washington, Feb. 17.—That prejudice against the negro is just as intense in the North as in the South and that the North plays the hypocrite in its contentions to the contrary was boldly and bluntly asserted in the senate by a Republican senator.

The speaker was Senator Borah of Idaho. His declarations regarding the negroes were made at the close of a prolonged speech in opposition to the Sutherland amendment to the senate resolution providing for the election of senators by popular vote. That amendment would have the effect of giving congress control of senatorial elections.

The Idaho senator's pronouncement on the race question was made in response to the recent assertion of Senator Root that without the Sutherland provision the resolution would deprive the Southern negroes of federal protection in the exercise of the franchise. Mr. Borah dissented from the New York senator's view and in doing so used language which elicited congratulations from many senators.

MACON TAKES FLING  
AT CAPTAIN PEARYArkansas Congressman Brands  
Explorer as "Faker."

Washington, Feb. 17.—Representative Macon of Arkansas, speaking in general debate on the naval appropriation bill in the house, made a sensational attack upon Captain Robert E. Peary, denouncing him as a "faker," and declaring that he "should be driven from the naval service."

The bitter words uttered by the member from Arkansas called out a quick reply from Peary's friends. Representative H. Hampton Moore of Pennsylvania, after vainly attempting to interrupt Mr. Macon, finally got the floor in his own right. He characterized Mr. Macon's speech as "unjust, outrageous and offensive." He said there was always some one to be found to suspect every performance by men of genius and courage. He referred to Captain Hobson's exploit of the Merrimack and to Dewey's victory at Manila bay.

"Heroes like these," said Mr. Moore, "have not the time to stop and deal with every dog that barks at their heels."

## GRAHAM ATTACKS BALLINGER

Illinois Representative Scores Secretary of Interior.

Washington, Feb. 17.—Representative Graham of Illinois, a Democrat who served on the congressional committee which made an inquiry into the Ballinger-Pinchot case, in a speech in the house denounced Secretary Ballinger.

Mr. Graham said Mr. Ballinger had been caught "red handed" secretly dealing with the interests, reference being made in this connection by Mr. Graham to correspondence that had passed between Mr. Ballinger and George W. Perkins, relative to the appointments in Alaska.

Mr. Graham alleged the committee was "packed."

## WOULD PROTECT EDDY WILL

Counsel for Executor Seeks to Enjoin Proceedings by Son.

Concord, N. H., Feb. 17.—A bill in equity intended to enjoin George W. Glover and his attorneys from further proceedings to have declared void the will of his mother, Mrs. Mary Baker Glover Eddy, founder of the Christian Science church, was filed in the superior court by counsel for Henry M. Baker, executor of Mrs. Eddy's will.

## Blanche Walsh Stricken.

Peoria, Ill., Feb. 17.—Standing in the wings awaiting her cue just before the rise of the curtain Blanche Walsh, the well known actress, fell to the stage in a faint. Her condition is considered serious by local physicians.

MONUMENT TO  
LINCOLN SURE.Congress Passes Memorial Bill  
Without Road Scheme.

## CULLOM ENTITLED TO CREDIT.

Illinois Senator, Associate of Great Emancipator, Has Worked Hard For Measure—Public Buildings Authorized by the Senate Merely to Show That Body's Activity.

By ARTHUR W. DUNN.

Washington, Feb. 17.—[Special.]—There is to be a monument erected to Abraham Lincoln in Washington, and it is not to be complicated with any national road building proposition. Congress has passed an act which insures a memorial to the civil war president in keeping with monuments to distinguished men.

For several years every movement for a monument to Lincoln has been coupled with a proposition that such a memorial should be a great national highway to Gettysburg, Pa. That such a highway would be a fine thing many people agreed, but it could not get through congress.

Senator Cullom is entitled to the credit of having inaugurated the plan which is now to bear fruit. The venerable Illinois senator, the early friend of Lincoln, said that before he passed away he would like to see the Lincoln memorial assured, and congress has responded to that wish. In the bill as it passed the senate Senator Cullom did not include his own name as one of the commission, but it was inserted by the house. Cullom is the only man now in public life who was associated with Lincoln.

## An Evidence of Activity.

A score or more of bills have recently been reported from the committee on public buildings and grounds providing for buildings in different parts of the country. Those bills may pass the senate. It has never been considered senatorial courtesy for any senator to object to another senator's public building bill.

But every senator knows that no public buildings are to be provided at this session. The house committee does not even consider them. They pass the senate as an evidence of activity on the part of senators.

## Depth of Water Considered.

Congressman Moore of Pennsylvania is generally on the lookout when bridge bills are passed to see that navigation is not obstructed. A bill was up for a bridge across the Mississippi river at St. Paul, and Moore asked Congressman Mann, whose committee reported the bill, if he could tell the depth of water at that point.

"Somewhere between two and forty feet," replied Mann. "It depends upon whether the water is high or low. There is more variation in the depth of the Mississippi than in the Atlantic ocean."

Then Moore asked about the commerce of the river, to which Mann replied, "There is more commerce there than there ever will be on the inland waterway you are advocating."

This was a shot at the Atlantic coast inland waterway, which is a pet scheme of the Pennsylvania member.

## They Do Not Like Us.

"The people of Colombia," said an official of this government who has spent several years in that country, "have never forgiven the Americans for taking Panama away from them. They feel that this country not only aided the revolution, but promoted it from the beginning, taking from Colombia the honor of having the canal as well as the money paid for the right of way. I doubt very much whether the life of any unprotected American would be safe in Colombia."

"Our diplomatic and consular officers are protected by the government of Colombia because that government is aware that an assault upon United States officials would accomplish nothing and mean being called severely to account. But the average American traveling in Colombia would do well to look after himself carefully if he wants to preserve his life."

## An Old Adage Proved.

A senator was talking to an empty chamber. One of his colleagues thought he ought to have more senators to listen and had a quorum called. As the call was concluded Senator Dillingham of Vermont came out and remarked:

"That illustrates the old adage that 'you can lead a horse to water, but you can't make him drink.' They called us in to listen to that speech. We answered to our names, and now the senate is as empty as before. We have heard all the talk on that subject that we need for this session."

## Burton's Bag In the Senate.

The new senators are upsetting all traditions. Senator Burton was seen going to his seat the other day with one of those big leather legal bags into which can be packed a large amount of senatorial paraphernalia.

A few years ago the old senators would have frowned upon such a bag. If it had to be brought in, then one of the employees of the senate should have toted it to the senator's desk. The Ohio senator has introduced an innovation. And, what is a difficult matter in this connection, he is not the sort of a man that takes kindly to senatorial discipline.

There are seven distinct tribes of orchids, hundreds of different genera and thousands of species.

## HOKE SMITH.

Bryan Pledges Him Support  
for Presidential Nomination.

## BRYAN FAVORS HOKE SMITH

Asserts Governor Elect of Georgia Is  
Presidential Timber.

Atlanta, Ga., Feb. 17.—Hoke Smith as the Democratic candidate for president in 1912 looks good to W. J. Bryan. Twice while in Atlanta Bryan pledged his support to Smith.

"If a Southern man is nominated for president," said Bryan, "and I see no reason why he should not be, and if that man were Governor Elect Smith, and I see no reason why he should not be, I will work for him as hard as he did for me on the occasions when I made the race."

"He is presidential timber."

SIGNIFICANT PRAYER  
PRODUCES NO EFFECTMontana Chaplain Refers to  
Senatorial Situation.

Helena, Mont., Feb. 17.—A rather unusual prayer was delivered in the assembly by Chaplain J. M. Smith. It is regarded by some as possibly significant. The chaplain made reference to the senatorial contest for the first time. He prayed as follows:

"Oh, thou that hearest prayer, to thee may all flesh come. Thou hast promised to supply all our needs. We call upon thee for the promotion of the work thou hast given us to do. The disciples toiled all night and caught nothing. Their master told them to cast their nets on the other side of the vessel and then they had their boat full. We have toiled thirty days and have caught no senator, but it may be we have fished on the wrong side of the vessel. It may be that we have been paying too much attention to czarism and not enough to the wishes of the people. Help us to cast our nets on the side of selfishness."

"May every delegate be willing to render his first choice and vote for the choice of the majority. Here, on the ridge of Rocky mountains, may our work be consummated in such glory that it will shine forth as a beacon light to those who are toiling in Albany, Denver and Des Moines. O, thou who are able to deliver the godly out of temptation, send us that Almighty aid and help us in this hour, for the glory of thy name."

The vote for senator showed no material change.

## STEENERSON IS INSISTENT

Minnesota Congressman Wants Action  
on Military Pay Bill.

Washington, Feb. 17.—Representative Steenerson of Minnesota, chairman of the house committee on militia, insists the militia pay bill shall be given consideration before adjournment. He introduced a resolution providing for the consideration of the increase under special rules. Mr. Steenerson will ask the rules committee to report his resolution.

The bill upon which he demands action provides nominal compensation for militiamen, that they may be more directly responsive to the orders of the secretary of war.

## HEAD OF REGENTS RESIGNS

Magnus Swenson Leaves Wisconsin  
University.

Madison, Wis., Feb. 17.—Magnus Swenson, president of the board of regents of the University of Wisconsin and for many years the actual controlling power on the board, resigned in a letter to Governor McGovern. The resignation has been kept a secret, but it was confirmed by unquestioned sources. Mr. Swenson, who is one of the leading citizens of Madison, has left the city and gave instructions to his family not to reveal his whereabouts.

He desires, it is said, to escape the questioning of newspaper men and others.

Mr. Swenson's given reasons for resigning from the board are that he is in poor health, that he has too much other business to attend to and that he is unable to give the attention to the regentship which it deserves. It is said in administration circles that the cause is his consistent enmity towards the president of the university, C. R. Van Hise, and Professors Ross Commons, Ely and others. He has been considered by the progressives, it is said, to be an undesirable member of the board.

## BOTH MEN ARE CONFIDENT

Iowa Contest Now Between Kenyon  
and Deemer.

Des Moines, Feb. 17.—Confidence pervades the camp of the followers of both Judge W. S. Kenyon and Judge H. E. Deemer in the contest for the Dooliver succession.

Judge Deemer had fifty-one votes and Judge Kenyon fifty, four Republicans being absent.

Judge Kenyon is expected on the ground this week and his followers are preparing to make an aggressive fight for him. They claim to be able to bring to him at any time when it will do any good seventy of the eighty votes necessary to elect.

The standpatters must furnish the other ten or continue the deadlock. In the seventy votes are included those of the radical Cummins supporters, who now are voting with the standpatters for Judge Deemer.

## STEVENS ASSAILS ARMY BILL

Opposes Effort to Create "Soft Snaps"  
for Favorites.

Washington, Feb. 17.—Representative Stevens made a spirited attack in the house on an amendment in the army bill, providing for the appropriation of 400 additional officers for assignment as instructors with state guard troops.

"This means 400 snaps for favorites of the war department who will not be used in instructing the national guard, but who will be given soft berths somewhere else," said Mr. Stevens. "Nothing can add more to the demoralization of the army than its increase by 400 officers without definite restriction as to how they shall be detailed."

The amendment was defeated, a substitute providing for 200 officers being adopted.

## CLARK'S SPEECH WON'T DOWN

Opposition Continues to Use Annexation Utterance as a Club to Hit the Government Despite Explanations From Washington—Liberals Accused of Taking Steps That Will Break Ties Which Bind Empire Together.

Ottawa, Ont., Feb. 17.—To keep pace with the rapid progress of legislation on the reciprocity agreement at Washington the government decided to insist upon a continuation of parliamentary debate on the question instead of postponing it until next week.

The opposition continued to use the Champ Clark speech as a club against the government despite explanations from Washington. Their arraignment of the Liberals on the ground they were about to take a step that would lead to the breaking of ties that bound the empire together was met by a patriotic response from the government side when William Pugsley, minister of public works, announced that hereafter the British flag would be unfurled every day on all public buildings in the Dominion.

Houghton Lennox, a Conservative, attributed to the United States the ulterior motive of seeking to separate Canada from the mother country with a final view of annexation.

"This is the scheme of a great political combination," declared Mr. Lennox. "It was put up by Laurier, concurred in by Asquith and promoted by Taft. Each has something selfish at stake. Laurier wants something to make the people forget the blunder of his naval policy. Asquith wants to kill the Chamberlain preference propaganda and Taft is out to get a good thing. It will be pretty hard for the Canadian people to get their rights in a three-cornered arrangement of this kind."

## JEERED BY THE DEMOCRATS

Wisconsin Representative Refers to  
Annexation of Canada.

Washington, Feb. 17.—Representative Morse of Wisconsin, who voted against Canadian reciprocity, fears the talk of annexation will provoke a war between the United States and Canada. Closely following the presentation in the house of two resolutions by Representative Bennett of New York bearing on annexation Representative Morse injected annexation talk into the debate. Representative Underwood of Alabama arose to endorse a provision in the army bill designed to increase the efficiency of the state militia organizations.

"I want to ask the gentleman from Alabama," observed Mr. Morse, "whether in his opinion the pending proposition bears any relation to the remarks made here a day or so ago by Champ Clark, relating to the annexation of Canada." His suggestion about annexation was jeered by the Democrats and ignored by the Republican side.

**At the Opera House**

"Miss Nobody From Starland"

played to one of the largest houses

that the Brainerd opera house has

held for some time and the audience

was certainly pleased. The costumes

and scenery were superb and the cast

was well balanced. Miss Olive Vail,

as Sylvia Martin, was a most adorable

and winsome little widow who had a

penchant for adopting "fathers"

which caused no end of complications

and amusement. She sang especially

well in the "Jinaboo Man" and the

"Kiss Me" song. Of great interest

was the second act showing the prepa-

ration of a play, and the troubles of

the stage manager were certainly

heart rending. Miss Bertie Beau-

monte, as Nina, was interesting and

her dancing was followed with in-

tense interest. The medley dance of

Joe Niemeyer as well as the eccen-

tric dance of Mr. Riggs and Miss Wit-

chie were revelations of the art of

graceful dancing. The play is a sure

cure for the blues.

## McCLENAHAN FOR SUPREME JUDGE

Crow Wing County Bar Association Circulates Petitions to Have Popular Jurist Fill Place

### LEFT VACANT BY JAGGARD

Northern Minnesota Should Have a Representative and McClenahan is the Man

The place made vacant on the bench of the supreme court of Minnesota by the death of Justice Jaggard should be filled by a northern Minnesota man. When Justice-elect Brown, of Laverne, takes the place of Justice Lewis, of Duluth, next January it leaves northern Minnesota entirely unrepresented, providing Governor Eberhart appoints a Ramsey county man to the position.

Next January will see the supreme court composed of four justices, one from Minneapolis, Wilmar, Laverne and Rochester respectively. The northern part of the state does not look with favor upon the appointment of another judge from the northern part of the state, leaving the whole north two-thirds unrepresented.

The Crow Wing county bar has circulated petitions advocating the selection of Judge W. S. McClenahan, the senior judge of the 15th judicial district, as the judge to fill the late Justice Jaggard's place. Every lawyer who has ever practiced in Judge McClenahan's court will favor this petition. It needs but little work on the part of his friends of the 15th district to get the backing of northern Minnesota.

He was born in Baltimore, Md., is a graduate of Dickinson College and the law department of the University of Maryland, having practiced law in Baltimore until 1882, when he came to Brainerd. He was city attorney of Brainerd and then elected judge of the district court which position he has held many years, his term expiring in 1912.

In 1907 the cases of the State Board of Law Examiners vs Hart was heard before a special supreme court, appointed by the governor, and Judge McClenahan was one of the five district judges selected. His opinions are concise and exact and the delight of every lawyer who believes in the clearness and brevity with which Judge McClenahan always sums up his cases. He has rarely been reversed in his decisions and bar and layman alike respect and honor the judge and think he would fill the seat with credit.

Judge McClenahan, when seen about the matter this morning, made the following statement: "Under no circumstances would I accept the position. There is nothing which would induce me to leave my present work and take up the duties of a supreme justice."

The petition in his behalf was circulated without the judge's notice and without his consent and when he became aware of it he protested.

Nevertheless the legion of friends of Judge McClenahan, consider their petition may be regarded by him as a sort of appreciation of his services in this district. As one attorney remarked: "I am against that petition although I shall gladly sign it. Judge McClenahan is too good a man for the 15th district to lose. We need him right here at home."

An English service will be conducted at the German Lutheran church, 19th and Ivy streets, on Sunday, Feb. 19th, at 7 P. M., by the pastor, Rev. J. H. Engel. All are cordially invited. 2211-wt2p

## CELEBRATED WOLF CASE

Judge Swanson Dismisses Action Brought Against Bertha Wicks, of Flak

Judge G. S. Swanson, special municipal judge, had a knotty case to decide yesterday. "When is a wolf the subject of larceny?"

Nels Edlund, the complaining witness had Miss Bertha Wicks, the daughter of Lewis Wicks, of Flak, brought to the municipal court on the charge of appropriating his wolf. The testimony in the case developed the fact that the wolf ran into Edlund's trap and then tore his chain and roamed over the country in an endeavor to get rid of the encumbrance.

In the middle of the night Miss Wicks was awakened by the fierce barking of the dogs, grabbed a gun and ran into the yard, firing at the object in a fence corner. Examining the animal she found it to be a wolf.

The question now resolved itself into who was the owner of the wolf. After the plaintiff had introduced his evidence, Judge Swanson heard the motion to dismiss the case and granted the motion. The court held that the wolf was not the property of the complaining witness as it never was in his control or possession. This decision, of course, resulted in a dismissal of the larceny charge brought against Miss Wicks and declared her the rightful owner of the wolf and the resulting bounty on the same.

### Socialism in Milwaukee

Brainerd, Minn., Feb. 15, 1911. Editor Brainerd Dispatch:

In the issue of your paper of date Feb. 1, you printed an article headed Socialist Rule Costly, referring to the present administration of the socialists in Milwaukee, and among other things the article stated that the city since last October has borrowed \$1,130,000 from the banks and that the payrolls of the city had been increased \$118,593.70 during the first six months administration of the socialists.

While I personally was familiar with many of the conditions the socialists had to meet in Milwaukee, I also am aware that there is nothing that will misrepresent the socialist movement that has not been attempted by the opponents of socialism in Milwaukee, and believing the above mentioned article is such tactics as have been tried in Milwaukee and found to avail those resorting to such methods nothing, I wrote to City Clerk Thompson, of Milwaukee, and received a reply from him prepared by the Comptroller of Milwaukee, Carl P. Dietz.

Relative to the increase in the city pay rolls, it is shown to be due largely to acts of the previous administration and to a change of policy in doing city work. Mr. Dietz says:

"The charge that the pay rolls during the first six months of the present administration have increased \$118,593.70 is explained by the fact that during those months the city was doing thousands of dollars of public work on its own account, which would otherwise have been let to private contractors. This increase is covered by the following items:

Salaries fixed by the former administration in police and fire departments, which the present had to pay.....	\$ 21,008.70
Increase under the extravagance of the old board of public works before they were let out of office.....	24,239.06
All other purposes including construction of Sixteenth viaduct.....	73,355.94
Total.....	\$118,593.70

The additional pay rolls from the sixteenth street viaduct alone amounted to \$44,918.80.

Mr. Dietz denies the charge that the present administration has discredited to a large degree, the financial standing of the city, in the eyes of the world and affected the sale of bonds in a manner to result in a substantial loss to the city, and quotes a recent issue of the Economist in support of his claim that Milwaukee bonds were sold at a favorable rate, as compared with those of other cities.

Relative to the charge that the socialists are to blame for the large bond issue for park purposes, it is shown that the money is needed for the payment of land contracts entered into twenty years ago which have been extended from time to time by previous administrations. Figures are also shown tending to disprove the assertion that extravagance has been shown in the borrowing of money from banks pending the collection of city taxes.

Mr. Dietz says in conclusion that the entire allegations of Ald. Bogk on the face of them were so ridiculous that I did not deem it at first necessary to pay any attention to them, but so many requests have come to me to prepare an answer to them, that I finally acceded.

Trusting you will publish the above article, I am,

Respectfully yours,

## MERRITT VS JOYCE DECISION RENDERED

Motion to Dismiss Based on Claim That no Cause of Action Existed

### 90 DAYS STAY FOR PLAINTIFF

Merritt Endeavored to Show That Joyce Purchase Was Not Made in Good Faith

The case of Franklin W. Merritt vs James T. Joyce and others occupied four days of this week and drew a large attendance of witnesses as well as an imposing array of counsel to the district court.

At the close of the plaintiff's evidence a motion was made to dismiss as to Joyce, which was granted by Judge McClenahan. A motion to dismiss as to Campbell and McAlpine was also heard and took the same course.

The motions were based on the claim that the evidence did not make out a cause of action against the defendants. An appeal will probably be taken by Merritt to the state supreme court.

The case is of considerable interest as the land involved is in the iron district of the Cuyuna range. Merritt had an option on the land in his own name. Afterwards he disposed of a one-third interest to each of the defendants, McAlpine and Campbell. The Merritt option was for a period of 22 months.

Before the 22 months period had expired, another man, J. A. Stetson, secured from the owner a six day option on the same land, entering into negotiations with Joyce, who agreed to take up the option and take over the land at \$2,400 subject to the Merritt option.

Joyce afterwards disposed of a quarter interest to two other persons one of whom was Campbell and the other Root. Campbell originally had a one-third interest from Merritt.

Merritt claimed this was not a bona fide transaction and that Joyce was not a purchaser in good faith but alleged that these means had been employed to "freeze him out," and that Campbell and McAlpine had united forces to do this.

The dismissal of the action serves to show that fraud was not proven. The plaintiff took a stay of 90 days to prepare an appeal to the state supreme court.

### M. F. CROSBY IN CITY

Mining Man and Townsite Promoter in Brainerd Yesterday Morning

M. F. Crosby, who is interested in Cuyuna mining lands and the promotion of the Crosby townsite, was in Brainerd yesterday morning and spoke interestingly about the town of Crosby. The good weather is being taken advantage of by the contractors and many buildings are being pushed to completion.

A large hotel is being erected by Mr. Hyde, of Proctor. The contractor, A. Roberts, of Duluth, is engaged in putting in the fronts of this place.

The Ingalls Boat Co. will establish the best ferry system that Deerpood and Crosby has ever had, putting in three large boats to ply on Serpent lake, one being 60 feet in length and two being 25 footers. The company will use the docks of the Crosby Townsite Co.

### CUYUNA RANGE OPERATIONS

Diamond Drilling in Township 44 Range 28, Gives Good Results

The results of the diamond drilling in township forty-four, range twenty-eight is a further evidence that the Cuyuna range, with its millions of tons of merchantable iron ore already shown up, is still in its swaddling clothes.

With this information comes a reliable report today, from Cleveland and Pittsburgh that there has been a decided improvement in the situation in these cities since the first of the year. This evidently means more activity for Crow Wing county in the early spring.

### SERIOUS HEART DISEASE SOON CURED

By the Great Specialist, Franklin Miles, M. D., LL. B., Who Will Send His New Book and a Kwo Pound Treatment Free to the Sick

Sick people whose hearts are weak, deranged or diseased, who have short breath, palpitation, irregular heart beat, pain in left side, shoulder and arm, or dropsy, should by all means send for the Doctor's new book and Free Treatment. He cures many cases called incurable. The worst cases usually relieved in a day.

So remarkable are the results that he wishes every sick person to test this great treatment at his expense. His book will show that he is recommended by Professors, Physicians, Bishops, Statesmen, Bankers, Editors, Prominent Citizens and others.

These treatments are the result of 25 years of extensive research and remarkable success in treating the various ailments of the heart, stomach, liver, kidneys and nerves, which so often complicate each case. So astonishing are the cures effected in most cases, that he is led to make this very liberal and unusual offer.

Certainly nothing could be more generous. Few physicians have such confidence in their treatments. You may never have such an opportunity again. No death comes more suddenly than that from heart disease.

- "Store, hyde Flok" Greig
- (b) Intermezzo—Prayer Mascagni
- Prof. Reimestad

Miss Jennie Mysen will be the accompanist for both artists. Prof. Reimestad has been favored by many press notices wherever he has sung. The "Byniss Onaren" of Christiana, Norway, says: "Prof. Reimestad sang 'Hilsen til Norge.' With his charming voice and with a remarkable range and volume of tone that was distinctly heard in the most remote corners of the large auditorium (Calmevergarden's Missionshus) he sang this beautiful song. His voice was a revelation to the large audience who sat as if spell-bound." The "Scandinavian," of Chicago says: "Prof. Reimestad sang a solo, 'Hist ved Babels Flooder' with such soulfulness as is characteristic of him. Encores were not to be given, but as the applause would not cease he, by special request, had to give 'Endast i God.'"

TELLS HOW TO CURE A COLD

Surely Breaks the Most Severe Cold and Ends Grippe Misery in Just a Few Hours

The most severe cold will be broken, and all gripe misery ended after taking a dose of Pape's Cold Compound every two hours until three consecutive doses are taken.

You will distinctly feel all the disagreeable symptoms leaving after the very first dose.

The most miserable neuralgia pains, headache, dullness, head and nose stuffed up, feverishness, sneezing, running of the nose, sore throat, mucous catarrhal discharges, soreness, stiffness, rheumatism pains and other distress vanishes.

Pape's Cold Compound is the result of three years' research at a cost of more than fifty thousand dollars and contains no quinine, which we have conclusively demonstrated is not effective in the treatment of colds or gripe.

Take this harmless Compound as directed, with the knowledge that there is not other medicine made anywhere else in the world, which will cure your cold or end gripe very as promptly and without other assistance or bad after-effects. I thought as a 25 cent package of Pape's Compound, which any throws" the world can supply.

**This Genuine Rogers Orange Spoon FREE**

Save 12 "Sunkist" Oranges (or Lemon) wrappers and send them to us, with 12c to pay charges, etc., and we will present you with a genuine Rogers Orange Spoon, of beautiful design and highest quality. Begin saving wrappers today. Send 12 "Sunkist" wrappers, and 12c for each additional spoon.

In remitting, please send to Rogers "Sunkist" Spoon, 12c, on amounts above 12c we prefer money order, express order or bank draft. Don't send cash.

We will be glad to send you complete list of reliable premiums. We honor both "Sunkist" and "Red Ball" wrappers for premiums.

The orange is the most luscious and healthful fruit. California excels in quality of oranges. The best of the California oranges are now packed in individual wrappers labeled "Sunkist."

Five thousand orange farmers in California do their own packing, shipping and selling. They grade and select their crop into "firsts," "seconds," etc. The firsts are fancy, tree-ripened, hand-picked, seedless, fibrous, thin-skinned oranges—every individual orange a perfect specimen of the finest variety of oranges. They are not only more healthful and more palatable than other oranges, but they are actually cheaper, for they are nearly all meat and nourishment. Your dealer sells "Sunkist" Oranges. Ask for them. You will know them by the tissue paper wrapper in which each "Sunkist" Orange is packed. On the wrapper note the label, "Sunkist." Keep all the wrappers. They are worth money to you.

**Best California Lemons**  
Come in "Sunkist" Wrappers

You can judge lemons by the "clothes" they wear. If they wear "Sunkist" wrappers they are juicy and good. For they are not thick-skinned or pithy. They are just as fine as "Sunkist" Oranges, and their wrappers are equally valuable.

**HELPFUL HINTS ON HAIR HEALTH.**

Scalp and Hair Troubles Generally Caused by Carelessness.

Dandruff is a contagious disease caused by a microbe which also produces baldness. Never use a comb or brush belonging to some one else. No matter how cleanly the owner may be, these articles may be infected with microbes, which will infect your scalp. It is far easier to catch hair microbes than it is to get rid of them, and a single stroke of an infected comb or brush may well lead to baldness. Never try on anybody else's hat. Many a hatband is a resting place for microbes.

If you happen to be troubled with dandruff, itching scalp, falling hair or baldness, we have a remedy which we believe will completely relieve these troubles. We are so sure of this that we offer it to you with the understanding that it will cost you nothing for the trial if it does not produce the results we claim. This remedy is called Rexall "93" Hair Tonic. We honestly believe it to be the most scientific remedy for scalp and hair troubles, and we know of nothing else that equals it for effectiveness, because of the results it has produced in thousands of cases.

Rexall "93" Hair Tonic is devised to banish dandruff, restore natural color when it has been brought about by disease, and make the hair naturally silky, soft and glossy. It does this because it stimulates the hair follicles, destroys the germ matter, and brings about a free, healthy circulation of blood, which nourishes the hair roots, causing them to tighten and grow new hair. We want everybody who has any trouble with hair or scalp to know that Rexall "93" Hair Tonic is the best hair tonic and restorative in existence, and no one should scoff at or doubt this statement until they have put our claims to a fair test, with the understanding that they pay us nothing for the remedy if it does not give full and complete satisfaction in every particular. Two sizes, 50 cents and \$1.00. Remember you can obtain Rexall Remedies only at our store—The Rexall Store.

**Why He Was a Heathen.**  
Sir Arthur Fanshawe related an amusing story of a Mohammedan servant who when asked his religion replied: "Beg pardon, sir, I'm a heathen."

When asked by his master what he meant by a heathen the man answered: "Beg pardon, sir, a worshiper of sticks and stones."

"Confound it," remarked the master, "I can't keep a man like that in my service."

To which came the immediate rejoinder: "Beg pardon, sir, in your highness' service no time to worship anything!"

—London News.

**An Unintended Error.**  
The Critic—In the twelfth chapter of your novel you say, "As Clifford Dangerfield came slowly up the long garden walk Clarissa, with maidenly admiration, gazed upon him."

The Author—Well, isn't that all right?

The Critic—Hardly. How can Clarissa "gaze" after she has been blinded?

The Author—After she has been blinded? What are you talking about?

The Critic—Why, in the previous chapter, in which you describe Clifford's planing mill, you say, "For a long, fascinating minute Clarissa rested her beautiful brown eyes upon the swiftly revolving buzzsaw."

**Precocious Mozart.**  
At three years of age Mozart would amuse himself for hours together in picking out thirds on the piano with his wonderful ear. At four years he learned minuets and before six played some of his own compositions, actually starting on a concert tour with his sister at that age. Before three years had elapsed he had taken by storm four of the most important capitals in Europe—Vienna, The Hague, Paris and London. His reputation as a composer was established by the time he was only ten years old. Mozart fulfilled in maturity the promise of his early years, but at the age of thirty-five passed away, engaged on a requiem which he gradually learned was to be for himself.

**Building Is Ample Wired.**  
There are nearly 3,500 miles of electric wires in one New York office building.

**Angling and Fishing.**  
The true angler does not care much about the size of the catch, and let it be remembered that to angle and to catch fish are very different things. There are debased creatures in human guise who will attach an assortment of murderous hardware to the end of a rope and with it pull fish from the water by sheer strength, but such methods are unrecognized by the angler who has imposed upon himself a rigid code of honor and to whom even the use of live bait as a last resort is the occasion for severe self examination. The angler does not go forth to catch fish, but to fish, and only those with the angler's nice sense of propriety will recognize the difference.—Philadelphia Times.
